LITTLE SISTERS OF THE POOR

As you probably know, Little Sisters of the Poor maintain an assisted living residence in our neighborhood for the elderly poor, regardless of race or religion. Their residents are the very ones most vulnerable to the Coronavirus, and the home is now in lockdown. The Sisters have always depended on the charity of their neighbors, but with the lockdown, the Sisters themselves will not be able to circulate, as they normally do. Our help will be critical in getting their fragile residents safely through this crisis. The following is a list of their most immediate needs:

Please donate only prepackaged supplies to insure sanitation.

Kleenex

Kleenex Ones wipes

Hand sanitizers in general

Disposable gloves – nitrile, vinyl, etc.

Dove bar soap

Clorox wipes

Small plastic liners – the type used as trash can liners. Costco and Sam's have these in quantity, in rolls safely sealed in boxes. They also have the disposable gloves in quantity, although Costco is currently limiting them to one box per customer, and probably Sam's is also. If you are able to devote your one box to the Sisters, they will be very grateful.

- 1) Limit your purchases to what you or your family needs right now.
- 2) Keep a safe distance from other shoppers and be aware of those around you.
- 3) If you’re buying an item that has a WIC symbol on the tag, but you do not participate in the WIC program, please choose a different brand or a similar item.

MO’BAY BEIGNET COMPANY, Dauphin Street, *Closing Until Further Notice*

Message from the owner:

“I woke up early this morning with one thought – Pray. I prayed for our city, our families, our businesses, our employees, our customers. Then I felt led to read. The real facts, data, and information from reliable sources, the medical community, and firsthand experiences from people living through this in other parts of the world that are weeks ahead of us in facing this virus. I have come to one conclusion, the wise and responsible thing to do at this time as the owner of Mo’Bay Beignet Co. is to close our doors until a full release is given by our leaders to operate at 100%, again. Mo-Bay Beignet Co. has been open 6 (amazing) short weeks. I now have 19 employees, thousands of loyal fans and customers, and a bright future in our beautiful city.

My number one goal after the announcement of the COVID-19 pandemic was to stay open as long as possible to continue paying my valued staff and to keep providing my customers with the service and product they have come to love and to do so in the safest way possible.

It is clear to me now, however, that if even one of my customers or staff is exposed to this virus, during our take-out or curbside pickup, then I wasn't being safe enough. The facts are in, and the symptoms of having this virus may not appear for up to 21-days, in carriers. It may also come and go like the flu for many, but for others, especially those with an already compromised immune system, it can be deadly.

There can be a thin line between fear and wisdom. Sometimes we hesitate on doing what's wise, because we don't want to be fearful. However, with prayer and wise counsel, we can all make decisions that are based completely in wisdom, and without any fear.

Wisdom tells me, that for the safety of my staff, my customers, and the city, closing fully at this time is the decision that I should make. As a community, we may never know if we overreacted, but we will surely know if we didn't react or respond enough. Thank you, Mobile, for an incredible first six weeks. I look forward to serving you all again in the very near future. Stay safe and well.

Blessings, Jaclyn Robinson, Owner Mo'Bay Beignet Co."
